

SUMMARY OF FEES

(a) Personal Injury Reports

I no longer produce personal injury reports.

(b) Criminal Reports

I do not produce reports in Criminal cases or on alleged abuse cases. This is outside of my area of expertise.

(c) Short Reports / Screening Reports

I do not produce short or screening reports as the workload involved is inevitably the same as for a full Breach of Duty report. Please see below.

(d) Clinical Negligence / Breach of Duty / Standard of Care Reports

Cost of the report:

Under normal circumstances reports are usually charged between £5200 and £5850 based upon an hourly rate of £325 per hour. Reports are usually based upon 16 hours work but may extend beyond this in complex cases and where multiple ED attendances require review.

Unusually large volumes of records or requests to meet shorter deadlines may be charged additional to this.

Time to complete report:

Usually within 12 to 14 weeks of receiving all the relevant documentation & x-rays and signed Terms but this remains subject to change according to workload.

(e) Fees for attending Court / Conference / Meetings

Online conference calls charged at the same £325 per hour rate including preparation time and reading

£1800 for half a day or any part thereof away from base

£3,600 for time exceeding half a day up to a full day away from base

Travelling time is charged at £200 per hour, plus first class travelling expenses.

Please note cancellation charges of 100% apply if notice is not given within 4 weeks of any court hearing dates.
